Foundation for the Advancement of Psychology in Leadership

SUPPORTING THE SOCIETY OF PSYCHOLOGISTS IN LEADERSHIP

DONATION OPPORTUNITIES

Sustained Leadership Growth and Impact

The Foundation for the Advancement of Psychologists in Leadership (FAPIL) is the philanthropic and long-term financial cornerstone of SPL.

Bringing together and aligning those at the top of their field, we support the public interest, applying exceptional psychology training to develop leaders who, in turn, promote employee well-being and a healthy society.

For over 40 years, SPL has been the professional center for psychologists who carry leadership responsibility, advise leaders, and develop leadership capability. FAPIL helps SPL members integrate these roles in a collaborative, expert community.

SUSTAINED LEADERSHIP. LASTING IMPACT.

WHY SUPPORT FAPIL?

Charitable Donation Advantages: Our supporters typically incorporate donations into their philanthropic and tax-planning strategies. Donations may be tax-deductible under applicable charitable contribution rules and may support corporate social responsibility (CSR) goals.

We focus on providing donors with tailored benefits, including website, newsletter, and social media coverage, as well as onsite and conference program recognition.

THE LONG-TERM IMPACT OF GIVING

Charitable Donation Impacts: While membership dues, event registrations, and similar revenue fund day-to-day operations at SPL, donations and planned gifts to FAPIL build a permanent financial reserve to ensure SPL's long-term sustainability, mission durability, and legacy influence. We appreciate your consideration of support for FAPIL, which can help provide benefits such as:

PERMANENT ENDOWMENT & FINANCIAL RESILIENCE

FAPIL donations are invested to generate ongoing revenue, insulating SPL from temporary fluctuations in event-based and related income streams. This allows us to launch high-impact initiatives, pilot new leadership programs, or upgrade digital platforms without straining our core annual budget.

PERPETUATING KNOWLEDGE & THOUGHT LEADERSHIP

FAPIL donations provide consistent support for SPL's flagship academic journal, Psychology of Leaders and Leadership, research grants, and other evidence-based publications. They underwrite programming such as Conversations in Leadership webinars, workshops, and continuing education institutes, ensuring that high-quality professional development stays accessible.

BUILDING A LASTING LEGACY

FUNDING LEGACIES & PHILANTHROPIC PATHWAYS

Donors build a lasting personal legacy with flexible gift structures from FAPIL. Integrating our foundation into estate plans or designating it as a beneficiary ensures that donors' passion for leadership excellence lives on in perpetuity. With major FAPIL gifts such as Named Endowments and Named Awards, donors establish funds, permanent scholarships, or leadership awards that, for example, honor influential mentors or celebrate milestone career achievements.

CULTIVATING THE NEXT GENERATION OF PSYCHOLOGIST LEADERS

FAPIL donations fund travel stipends, conference registration fee waivers, and mentorship programs designed to attract, recruit, and retain emerging leaders. They guarantee sustained support for diversity, equity, and inclusion initiatives, lowering financial barriers for underrepresented professionals entering leadership roles.

WE LOOK FORWARD TO PARTNERING TO TAILOR DONATIONS FOR YOUR INDIVIDUAL PRIORITIES.
